COMPETE

EARN *and*

CIRCUIT

Compete & Earn is an exciting co-ed series from The Progress Tour designed for British tennis players of all levels, that exemplifies everything the tour stands for, with more quality competition and earning opportunities. Events will run throughout the year, and across the country, with all match results counting towards UTR and WTN..

PLAYER ACCEPTANCE

Open to players of all ages with a recommended UTR of 7.0 and above. If you meet the requirements and are able to submit your registration through the event page, this means you have automatically been accepted into the event. Composition of the draws will be based on two criteria:

- i. Player UTR level falls within the UTR requirements
- ii. Direct Acceptance based on first come, first served basis

EVENT FORMAT

Each event will operate over two days in a staggered entry draw format providing each participant with between 4-6 long and short format matches. Lower-rated players will start in a qualifying draw and compete to progress to later rounds. All players, regardless of results, will be provided with the minimum number of advertised matches throughout the weekend, and involved for BOTH days. Every event will yield a tournament winner, prize money, as well as offering circuit points based on the draws finals standings.

The two best-performing female players in each event will play a bonus match for a chance to win prize money and additional circuit points - minimum entry numbers are required for FBW to be awarded. .

CIRCUIT POINTS

Circuit points will be accrued by players throughout the season, and contribute to their standing on the Compete & Learn leaderboard. The four players that end the year at the top of the leaderboard will be awarded substantial financial support. Please see Compete & Earn website for full details.

The winner of the female bonus prize will be appointed 10 extra circuit points. If there is only one female competitor, no additional points will be awarded. If the draw is not full, we will amend the circuit points to make for a fair distribution of circuit points.

Please note, prize money may be reduced if entry numbers fall below thresholds
