

THE PROGRESS TOUR

Mini Challenger Tour

FUN & INCLUSIVE CIRCUIT

The Mini Challenger Tour is a player's first introduction to competition for children from 6 to 11 years old, where the focus predominantly lies on creating a fun and inclusive environment, for both players and parents. The Progress Tour recognises the importance of instilling sound competitive values in players at an early age, so we provide a team element across all of our events, where players compete against, as well alongside their colleagues.

PLAYER ACCEPTANCE

Open to male and female players of the correct age:

- **Team Red** (6-8 years old)
- **Team Orange** (7-9 years old)
- **Team Green** (9-10 years old)
- **Team Yellow** (10-11 years old)

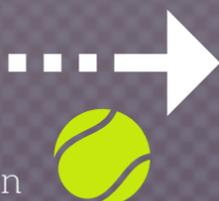

Composition of the draws will be based on two criteria:

- i. Challengers will be accepted into each event on a first come, first served basis
- ii. Host Wild-card.

PHASE 1

Players are split into groups and play against every opponent in a round robin format.

INTERACTIVE EVENT FORMAT

PHASE 2

Players are then separated into 'shootout' style compass draw based on their Phase I results and become teammates with their Phase I opponents.

All matches are timed (match time depends on category) where the player who accumulates the highest number of points wins the match. Circuit points will be appointed based on final standings and a team bonus awarded with the highest total points!

TEAM SPIRIT!

Unique to Progress Tour events, the innovative format sees Phase I opponents become Phase II team mates, with an emphasis placed on player respect, team support and camaraderie. Teams will compete against other teams on and off the court with off-court challenges being held and cheering being encouraged every step of the way! The highest achieving team will be awarded Bonus points.

VALUES-BASED APPROACH

Our objective is to provide a fun introduction to competition for U11 players. We aim to build a community of players and parents, with events centered around sportsmanship and teamwork, and played in a competitive, supportive and inclusive environment. As part of this, we have integrated a Parent & Player Support Programme to guide you through a critical stage of development both mentally and physically.
